Dear Ann Moreno Pen,

Thank you for taking the time to serve as a speaker and role model for the J. D. Ryan Elementary School Career Day. Our students need the opportunity to interact with business and professional individuals such as you. We appreciate your willingness to give them that opportunity. Again, please accept our gratitude for helping us to experience an exciting and successful first annual Career Day at Ryan Elementary School.

Dear Ann:

Thanks so much for promoting the American Cancer Society Great Texas Duck Race. The PSAs your station produced were sensational. We received numerous calls due to the airing of these videos. We even recruited several new Junior Board members as a direct result of them.

To date, this great event has raised in excess of \$25,000 to help in our many programs of education, patient services and

Dear Jodie:

Your cooperation in airing the Texas Department of Health's 1989 AIDS prevention campaign has had a tremendous impact on motivating Texans to call the AIDSLINE for information and testing:

- The average number of calls per month to the toll-free Texas AIDSLINE, promoted in the spots, jumped from 476 to 1,846, a 281 percent increase.
- The number of persons tested for HIV, the virus that causes AIDS, increased 32 percent at TDH-affiliated sites; while the number of heterosexuals (the campaign's target audience) tested increased 42 percent.

Although great progress has been made, our state still ranks among the top five states nationally in AIDS cases. This year, we have created another public service campaign for the Texas Department of Health to reinforce our original message.

Our campaign challenges sexually active heterosexuals to confront the risk of AIDS and

Thank you very much for the recent help you gave me.

The Golden Mustang District of the Bay Area Council, Boy Scouts of America, served more than 2,000 boys and young people last year.

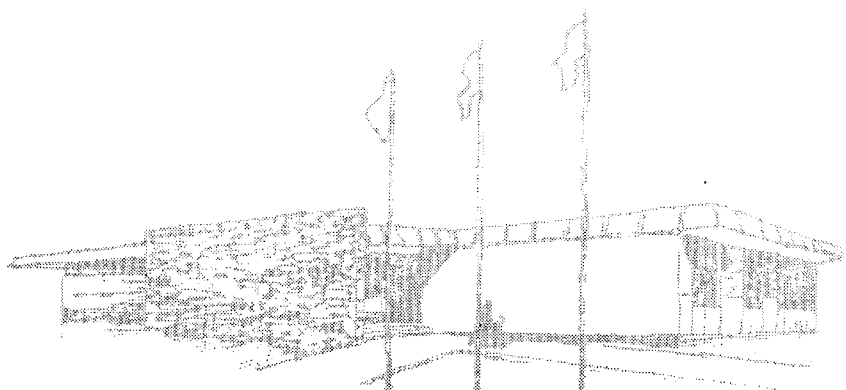

To serve that many youth, we have to train many adults. I asked Denise Dicks and Lisa Carmona to make VCR copies of my master tapes, and they did so quickly and efficiently. Their service will have a positive effect on the development of the youth in our area.

Please extend our warmest thanks to these ladies.

Dear Ms. Pen:

Successful airshows don't just happen; they are complex events which require much time, labor, planning and a broad base of support from our community and beyond. Our fourth annual show was the most successful event to date thanks to the generous support that you and your organization have given to the Confederate Air Force and those local organizations and charities which benefit from the show.

Please accept the enclosed Certificate of Appreciation along with our deepest thanks for your past and continuing support. We will need your help once again for our fifth annual show which is scheduled for October 7th & 8th, 1989.

Dear Ann,

It was a pleasure working with you recently. Thank you so much for the opportunity to be a part of your programming. I appreciate your support of the Texas and U.S. rice industry.

I am sending some additional copies of the two brochures which we worked from and offered to your viewers. I hope everyone at the station will enjoy them. I would appreciate it if you would let me know when the segments will be airing. This way I can alert everyone in our office and our farmers to be sure to be watching. If possible, I would also appreciate receiving a tape of our segments.

As discussed, I am also sending our two 30 minute video tapes - "Cooking with Rice Tapes I and 2." Hopefully you will be able to use some of the footage of rice fields or take some of the footage and make some additional segments for your programming. Hopefully with all of this information you will be able to put together a five part series. Please feel free to duplicate our video tapes, but we do need to have our two tapes returned. I'm also enclosing a pre-addressed mailing label to make returning them easier. I would also appreciate knowing if you are able to use these tapes at all.

Thanks again for your interest and cooperation. I look forward to working with you again soon. Please let me know if we can provide additional information or be of help in the future.

Dear Public Service Director:

Thank you for your support of Baylor College of Medicine's We Care For You program. We have received a most enthusiastic response to our recent PSAs on "Kids and Food." So enthusiastic, in fact, that we have almost depleted our supply of brochures. It is for this reason that we are asking you to stop airing the "Kids and Food" PSAs at this time.

However, I would like to encourage you to keep airing "Cancer Control," which we sent to you late last year. And be on the lookout for "Guidelines for a Healthy Heart" early this summer.

Please don't hesitate to contact me if I can be of assistance. Thank you for helping make Texas a healthier place to live.

We here at the Fulfillment Foundation/ Prospect House thank you so very much for allowing us to promote Prospect House through your television station. People of your character have always been the supporting element in grass root organizations like ours. Your commitment and dedication to the recovery of alcoholics and addicts are traits we certainly can use more of.

YOUR SUPPORT FOR THE PROSPECT HOUSE WAS GREATLY APPRECIATED, AND EVEN MORE IMPORTANT IT SHOWED THE RECOVERING COMMUNITY THAT PEOPLE DO CARE!

With the increasing amount of drugs entering our communities at a alarming rate, halfway houses like ours have become vital for the many that is seeking aftercare. Which has become and alternative to going back to their drug ridden neighborhoods. Your involvement was truly a recognition of people who are concerned about the recovery of the addict and alcoholic.

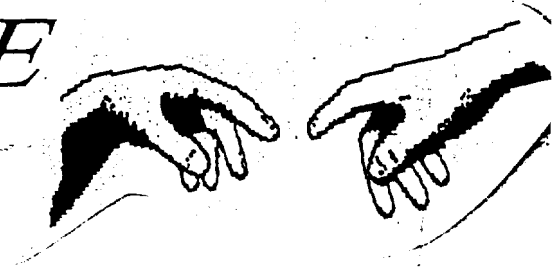

We thank you again for your support, and we solicit your prayers for growth and success in continuing our program here at the Prospect House.
